

QUICKSTART GUIDE

Premier Literacy has a comprehensive suite of digital reading, writing and studying tools that your local school district has provided to you while you're in school. ***Your local school district has now made these programs available for you to use AT HOME.***

Have your computer read your favorite web page, email, homework, or even read a book. There is even a program on this site that will let you convert your documents into audio files so you can listen to them on your MP3 player or iPod! These tools are also great for proofreading and editing your homework and have features that help you study more efficiently and effectively.

This QuickStart Guide will help you to get up and running quickly on the AT Home site. You'll find the following information:

- **SYSTEM REQUIREMENTS**
- **LOGIN INSTRUCTIONS**
- **SCREEN INTERFACE FEATURES**
- **DOWNLOAD AND INSTALLATION INSTRUCTIONS**
- **DIGITAL LITERACY TOOL DESCRIPTIONS**

PREMIER LITERACY CONTACT INFORMATION

Please feel free to contact Premier Literacy for any questions you have.

Phone

Sales and Customer Service: 815-927-7390 Option 1

Technical Support: 815-927-7390 Option 2

Email

General questions: info@readingmadeeasy.com

Technical Support: support@readingmadeeasy.com

SYSTEM REQUIREMENTS

Before you download and use Premier Literacy's tools, you will want to make sure your home computer meets the following minimum system requirements. If your system meets these requirements and you have any issues once you download and install the software, be sure to contact Premier Literacy Technical Support at 815-927-7390, Option 2.

- Microsoft Windows XP, Vista
- 512 MB of RAM recommended
- 200 MB of free disk space
- Mouse, Keyboard, Speakers
- SVGA Monitor with a minimum 800x600 DPI resolution

A scanner is only a requirement if you wish to convert hardcopy documents (i.e. books, magazines, letters) into digital text. Premier Literacy's scanning features work with virtually all Automatic Document Feed (ADF) and All-In-One scanners.

Mac downloads are not available on the AT Home site. For more information on receiving the Mac version for home use, please contact your school's AT Home Program Administrator.

LOGIN INSTRUCTIONS

You can go to www.premierathome.com and download and install as many products as you need. The only limitation is that these programs can only be installed on computers owned by the student or parents of the student.

1. Go to www.premierathome.com. Once you get to the site, you will see a Log In screen.

The screenshot shows the Premier Literacy AT Home website. At the top, there is a navigation bar with "ABOUT US | LOGIN" on the right. The main header features the "Premier Literacy AT Home" logo and a photo of a man and a child looking at a laptop. Below the header, there is a "Start Downloading" button. The main content area is divided into three columns. The left column has a "Log In" section with a red box around it and a red arrow pointing to it. The middle column has a "Learn More About Us" section with contact information for the U.S. and Canada. The right column has a "Premier AT Home" section with a "How does it work?" heading and a "Premier Literacy" section with a "Visit Premier Literacy's website" link.

Canada Phone: 902-482-4680
Canada Email: info@readingmadeeasy.ca

If your school is not currently enrolled in the AT Home program, you can still download Premier Literacy products from our [Free Trials in the U.S.](#) and from [Free Trials in Canada](#).

For more detailed information about the AT Home program, please visit [Premier AT Home in the U.S.](#) and [Premier AT Home in Canada](#).

With access to literacy tools In-School and on the AT Home site, students, parents and teachers are all on the same team. Making reading a "family affair" helps children develop listening skills, increase their vocabulary and spark creativity and imagination. Help make these literacy tools

Premier AT Home
How does it work?
It is simple. Any school that is already a recipient of the Breaking Down Barriers to Assistive Technology Grant or the Premier In-School program can simply sign up for the Home Use extension.
Once a school signs up for the program, they are given a user name and password that allows students to log into the Premier AT Home site and download any and all Premier Literacy Accessibility Suite products onto their personal computers.
The Premier AT Home license runs for a full 12 months and is renewable each year.
Premier Literacy
Visit [Premier Literacy's website](#) if you are not a Premier AT Home member. Learn more about our products and get access to Free Trials tool!

2. Type in the following Username and Password and then click on the **Log In** button.

Username: **northatl**

Password: **access**

3. Note that the Username and Password are case sensitive, so you must correctly enter all numbers and upper-case and lower-case letters exactly as they have been provided to you by your school. When your login is successful, you will be at the Home page.

SCREEN INTERFACE FEATURES

1 **Products** – Click on the Products tab to see a brief description of each tool. If you need more detailed tool information, click on the appropriate tool link on the left side of the screen.

2

Start Downloading – When you have decided which tool you want to use, click on the tool name or icon. This is a link for the tool you want to download. (See the Download and Installation Instructions section for more information.)

3

Support – If you have a question or need help at any time, click on the Support tab. You'll find links to view video tutorials and access product manuals and FAQs if you want to learn more about how a tool works. There are also phone numbers and email addresses so you can contact Premier Literacy's Customer Service or Technical Support departments for additional assistance.

4

Contact – Premier Literacy’s contact information for both the U.S. and Canada is all on this tab. We even provide you with links on this page to email us a comment, a question, or submit a technical support inquiry. Please contact us if we can assist you in any way.

Getting Started – Click on the Getting Started link if you need help figuring out what tool you need to use for a specific task. You will find Premier contact information if you questions. You will see a list of tasks that you might want to perform along with the most appropriate tool to use. Click on the tool listed to read the product description.

The screenshot shows the Premier Literacy AT Home website. At the top, there is a navigation bar with links for Home, Products, Start Downloading, Support, and Contact. The main content area is titled "Getting Started" and includes a list of steps for getting started with the software. To the right, there is a "Support" sidebar with links for Support Home, Getting Started, Support FAQs, Support Documents, and Video Tutorials. Below the "Getting Started" section, there is a "Need help?" section with a table that maps user questions to specific support resources. At the bottom, there is a "Help Me Choose a Tool" section with a table that maps user tasks to recommended software tools.

Getting Started
 It's easy to get started using Premier Literacy's software. All you need to do is:

- Decide which tool you want to use. Check out the [Products](#) page for information about each product to help you decide.
- Download** and install the product on your computer.
- Launch the product by clicking on your Window's Start button and selecting Premier AT from the Programs menu. From the Premier AT list, select the tool you want to use.

DOWNLOAD AND INSTALLATION INSTRUCTIONS

1. Select the tool you want to download and install by clicking on its name or icon.

2. A window similar to the following will be displayed. Make sure you select the **Save** button. This will prompt you where you want to save the setup file on your personal computer. Make sure you make a note of the name and location where you save the file.

3. Once the file has been downloaded, go to the location where you saved the file. Double-click on the filename to launch the installation program. Follow the prompts during the installation to successfully install the tool.

DIGITAL LITERACY TOOL DESCRIPTIONS

Below are brief descriptions of each tool included in the Premier Literacy Suite. Additional information about each product can be obtained on Premier Literacy's website, www.readingmadeez.com or by calling Premier Literacy at 815-927-7390.

Premier Internet Toolbar[®] Turbo-charge your Internet experience with the Premier Internet Toolbar. It is a custom toolbar designed for Microsoft Internet Explorer. The Premier Internet Toolbar provides a variety of useful tools for accessing and capturing the Internet more efficiently, including a Talking Pointer to read text aloud just by pointing to any text on the Internet, Talking Dictionary, Comprehensive Text Reader, Web Grabber to capture any webpage directly to a PDF, Text Summarization utility, Text-To-MP3 file creation utility, Zoom In/Zoom Out screen magnification, and quick access to Premier's Instructional Training Videos.

Universal Reader Plus[®] Universal Reader Plus is a very easy-to-use utility that reads to you, and it works with virtually any application. It is ideal for reading email, Microsoft Word documents, web pages and online Flash books. Universal Reader Plus includes the added benefits of Premier's Language Model Information Summarization (LMIS) technology and multi-lingual support.

English Talking Dictionary[®] The English Talking Dictionary is a comprehensive and unabridged dictionary AND thesaurus that contains more than 250,000 words and definitions that can be read to you. It includes references to historical people, places, technical jargon and slang and will work with any computer application. With our new INTERLINK technology, relational word linking allows the user to search by idea or concept.

Talking Word Processor[®] Talking Word Processor is a fully-functional word processing package that talks. It also includes a talking grammar check, word prediction, content summarization, highlight/extract capabilities, integrated dictionary and a variety of tools to assist in proofing your documents. All files can be saved in standard Microsoft Word format. It is an invaluable tool for teaching word processing and for general literacy.

E-Text Reader[®] The E-Text Reader is designed to help those who have trouble reading or comprehending the printed word. There are thousands of literature titles now available in electronic format. This reader will read (using digital voices) the electronic version of books ("E-Books, or E-Text") to you. The E-Text Reader can read any document in Standard Text, MS Word, RTF ("Rich Text Format") and HTML formats.

PDF Equalizer ML[®] PDF Equalizer ML is a must-have software solution that transforms PDF files from mere content to true study tools. With tools that allow the user to select portions of text to be read aloud, navigate complicated charts and diagrams, even save your own notes, PDF Equalizer ML is the perfect study tool when using PDF files.

Scan and Read Pro[®] Scan and Read Pro is a fully powered scanning application that creates an electronic file for documents you scan. Works with virtually all flatbed USB scanners, all-in-one units and those with automatic document feeders (ADF). Easy-to-use controls get you up and running quickly. It comes complete with voice capabilities for reading, multi-lingual support and summarization features.

[Text-To-Audio](#)[®] Text-To-Audio is a high-end application that can quickly and easily convert PDF files and electronic text to audio formats, including WAV and MP3. Create audio files of study notes, textbooks or classroom handouts.

[PDF Builder](#)[®] Premier PDF Builder makes combining and manipulating PDF files easy. PDF Builder will do everything from creating PDF files from your own documents to capturing scans from your scanner and putting them directly into a PDF file. You can also merge two PDF files, delete pages from a PDF file, and even export a PDF file into six different formats. PDF files are a great way of distributing documents, but previously it was difficult to make changes to PDF files unless you had Adobe[®] Acrobat[®]. Now Premier PDF Builder lets you easily make changes to PDF files.

[Premier Predictor Pro](#)[®] Premier Predictor Pro – P3 – is a talking word prediction program that will work with virtually every program on your computer where typing is required. Predictor Pro will display a probable word list next to words as you type.

[Talking Calculator](#)[®] Talking Calculator is a fully functional talking calculator that works with or without a screen reader. Easy to use with large keys and contrasting colors, it displays your entries and your results as you work.

[Talking Checkbook](#)[®] A fully functional financial account management application that is fully accessible. It is designed for individuals who find it difficult to see / write in small areas as well as those who find simple financial math difficult. Straightforward interface for easy account management. Has complete check writing features.

[Text Cloner Pro](#)[®] Scanning applications with full OCR (Optical Character Recognition). This is a great companion for visually impaired users who already have screen reader software. This revolutionary one-touch scanning works with virtually any scanner. Converts printed text from a scanner with a press of a button. Scanned text appears on your computer screen.
